

## Get Lower Rates at NEON

Are you insured or underinsured? NEON can help. NEON offers lower rates for some patients who qualify. Tell NEON the number of people in your household and how much money each person makes. - Last three pay stubs from your current job. Include employer's name, address and phone number
- 1040 tax document from last year
- IRS letter of no income from last year
- Self-employment documents that show monthly income
- Denial from Medicaid of Benefits
